**THESE TESTS WILL BE HELD ON MOWED GRASS OPPOSITE THE RV PARKING AREA AND WILL UTILIZE AN ELECTRICAL OR
GENERATOR POWERED CLOSED LOOP LURE MACHINE. CONTINUOUS CHAIN LINK AND WELDED WIRE FENCING WILL ENCLOSE THE
COURSE AND THE RUN OUT.**

*We will be using a continuous loop lure that will run down the center of the track and will return without obstructing the exit.
The lure will consist of plastic bags contrasting in color to the immediate field environment.*

Tests will be held concurrently.

We will be using a block schedule running order.

After entries close, you will be emailed a confirmation of the time slot. But if you enter online, you can select your time slot for both tests.

Tests will begin promptly at 8:00 AM with workers' dogs and will continue until all runs are completed. Check in 30 minutes prior to your run time.

Simple and ongoing briefings will occur in conjunction with Check In and Inspection.

It is the responsibility of each entrant to be ready when their dog is called to the line. Be sure that the catcher has a leash.

24+ dogs will be scheduled to run each hour.

Once all your runs are completed you **MUST** leave the grounds unless you are working for the Club.

CHECK IN AND INSPECTION. Check In will occur on a rolling basis throughout the day. The two Fast CAT Tests will be run CONCURRENTLY, so a dog entered in both Tests will run twice within an hour or so. Exhibitors will be given an approximate start time and should be available for Check-In 30 minutes before run time. Check In is then immediately followed by Inspection for fitness, lameness, or "in season" females. Each female dog will be inspected, and the dog owner will be required to wipe the bitch with tissue to show the bitch is not in season.

Coursing is an athletic activity that can tax a dog's physical strength. Dogs that are overweight and/or out of condition may be at greater risk for injury and exhaustion. The Inspection Committee has the authority to disallow a dog's entry into a test and, in such instances, applicable entry fees will be refunded.

At Check In, all dogs will be measured by a wicket to verify handicaps.

Bitches in season, and lame and unfit dogs will be excused with entry refunded. Please do not bring bitches in season to the test.

ALL DOGS RUN AT OWNER'S SOLE RISK

Please bring shade and water for your dog(s)

AWARDS

A light blue participation ribbon will be awarded to each dog attaining a qualifying run.

New title rosettes will be awarded for BCAT, DCAT, FCAT and FCAT#.

You must pick up your ribbon(s) during the weekend; qualifying ribbons and title ribbons will not be mailed.

Please notify the trial secretary, via email or include the information with your entry form, if you anticipate earning a new title. We will TRY to have enough rosettes available at the trial.

FAST CAT BASICS

WHAT IS Fast CAT?

Fast CAT, unlike the CAT, is not pass/fail, but a timed 100-yard dash after a lure past a start line and over a finish line. Break Beam Timers will be used for this event. If the timers become inoperable, we have stop watches as a backup system.

HOW DOES MY DOG RUN Fast CAT?

Be sure to “warm up” your dog prior to your run. It is equally important to give your dog a “cool down” walk after the run. This will add to the health and well-being of your dog.

Each dog runs one at a time. The dog is held at the start line by the releaser on a course that is completely fenced. Upon word/signal from the Huntsperson, the coursing lure is activated prompting the dog to follow by chasing it to the finish line and into a catch pen. A catcher (often the primary owner) is waiting in the catch pen with a leash to restrain the dog at the end of the run. Once the dog is restrained, they leave the area immediately. Because 20-24 dogs need to run each hour, releasers and catchers must be prompt in getting to their respective locations on time.

ACCORDING TO AKC RULES: Handlers are not permitted to run with a dog during an official run but must remain either at the start or finish area of the course. Handlers are not to allow dogs to be enticed through the course with anything other than the lure during its official run. NO mechanical devices including whistles, horns, bull horns, etc. or toys including the waving of objects to lure the dog to the finish line are allowed. You **MAY CHEER** and use the dog's name.

COLLARS: Dogs may run without a collar or wear any type of collar except choker collars, electronic training collars, or head collars. Collars should be snug. Hanging tags pose a safety concern and should be secured to the collar with tape or by another means. Dogs may run muzzled if desired. Clips or rubber bands may be used to keep long hair from falling across the dog's field of vision.

HOW DOES MY DOG EARN AN AKC TITLE FOR Fast CAT?

The time of the dog's run is converted to miles per hour (MPH) and then multiplied by a handicap based on the dog's height at the withers to award points.

FORMULA: $204.545 / \text{RUN TIME} = \text{MPH}$

- 18" or greater = Handicap is 1.0
- 12" up to less than 18" = Handicap is 1.5.
- Under 12" = Handicap is 2.0

FORMULA: $\text{MPH} \times \text{HANDICAP} = \text{POINTS}$

Titles are earned by accumulating points. The following titles will be awarded: BCAT = 150 points; DCAT = 500 points; FCAT = 1,000 points; and FCAT followed by a number (e.g. FCAT2) for every additional 500 points. These suffix titles will appear on a dog's pedigree, with a higher-level title superseding a lower-level title.

The AKC Fast CAT website features the Top 20 fastest dogs by breed for each year. Dogs must complete at least 3 qualifying runs in each calendar year to qualify for **the Top 20**. The standings will be updated as event results are processed at https://www.apps.akc.org/apps/fastcat_ranking.
