These tests will be held on mowed grass and utilize an electrical or generator powered continuous closed loop lure machine. Fast CAT course is fenced. The lure will consist of plastic bags contrasting in color to the immediate field environment.

Height measurement and testing for bitches in season will occur at each timed group lineup. At inspection, bitches in season, lame and unfit dogs will be excused with entry refund.

Dogs must have an AKC registration number and be at least one year of age on the day of the trail. Dogs may only run once per test but will follow concurrent rules. All entries must be accommodated with a check to be valid as well as all waivers. A returned check is not a valid entry. Incomplete entry or forms without signature will not be excepted.

Coursing is an athletic activity that can test a dog's physical strength. Dogs that are overweight and/or out of condition may be at greater risk for injury and exhaustion.

Bitches in season, lame and unfit dogs will be excused with entry refunded. Please do not bring bitches in season to the test.

Check In and Inspections: Check in will occur on a rolling basis throughout the day. The two Fast CAT Tests will be run CONCURRENTLY, so a dog entered in both Tests will run twice within an hour or so. Exhibitors will be given an approximate start time and should be available for Check-In 30 minutes before run time. Check In is then immediately followed by Inspection for fitness, lameness, or "in season" females. Each female dog will be inspected, and the dog owner will be required to wipe the bitch with tissue to show the bitch is not in season. Coursing is an athletic activity that can tax a dog's physical strength. Dogs that are overweight and/or out of condition may be at greater risk for injury and exhaustion. The Inspection Committee has the authority to disallow a dog's entry into a test and, in such instances, applicable entry fees will be refunded. At Check In, all dogs will be measured by a wicket to verify handicaps. Bitches in season, and lame and unfit dogs will be excused with entry refunded. Please do not bring bitches in season to the test. NO FOOD will be served at these events.

FAST CAT BASICS

What is FAST CAT

Fast cat, unlike the CAT, is not a pass/fail, but a timed 100-yard dash after a lure past a start line and over a finish line. Break beam timers will be used. If the timers become inoperable, we have stop watches as a backup system. The time is converted to MPH and then multiplied by a potential handicap based on the dog's height to award points.

HOW DOES MY DOG RUN Fast CAT?

Be sure to "warm up" your dog prior to your run. It is equally important to give your dog a "cool down" walk after the run. This will add to the health and well-being of your dog.

Each dog runs one at a time. The dog is held at the start line by the releaser on a course that is completely fenced. Upon word/signal from the Huntsperson, the coursing lure is activated prompting the dog to follow by chasing it to the finish line and into a catch pen. A catcher (often the primary owner) is waiting in the catch pen with a leash to restrain the dog at the end of the run. Once the dog is restrained, they leave the area immediately. Because 20-24 dogs need to run each hour, releasers and catchers must be prompt in getting to their respective locations on time.

ACCORDING TO AKC RULES: Handlers are not permitted to run with a dog during an official run but must remain either at the start or finish area of the course. Handlers are not to allow dogs to be enticed through the course with anything other than the lure during its official run. NO mechanical devices including whistles, horns, bull horns, etc. or toys including the waving of objects to lure the dog to the finish line are allowed. You MAY CHEER and use the dog's name.

COLLARS: Dogs may run without a collar or wear any type of collar except choker collars, electronic training collars, or head collars. Collars should be snug. Hanging tags pose a safety concern and should be secured to the collar with tape or by another means. Dogs may run muzzled if desired. Clips or rubber bands may be used to keep long hair from falling across the dog's field of vision.

HOW DOES MY DOG EARN AN AKC TITLE FOR Fast CAT?

The time of the dog's run is converted to miles per hour (MPH) and then multiplied by a handicap based on the dog's height at the withers to award points.

FORMULA: $204.545 / \text{RUN TIME} = \text{MPH}$

- 18" or greater = Handicap is 1.0
 - 12" up to less than 18" = Handicap is 1.5
 - Under 12" = Handicap is 2.0
- FORMULA: $\text{MPH} \times \text{HANDICAP} = \text{POINTS}$

Titles are earned by accumulating points. The following titles will be awarded: BCAT = 150 points; DCAT = 500 points; FCAT = 1,000 points; and FCAT followed by a number (e.g. FCAT2) for every additional 500 points. These suffix titles will appear on a dog's pedigree, with a higher-level title superseding a lower-level title.

The AKC Fast CAT website features the Top 20 fastest dogs by breed for each year. Dogs must complete at least 3 qualifying runs in each calendar year to qualify for the Top 20. The standings will be updated as event results are processed at https://www.apps.akc.org/apps/fastcat_ranking.
